Nothing organ, that the people would receive a Catholic priest, and a foreigner, as an apostle, over the head of an American administration We mean an administration of native-born Americans, not bogus Americans.

He thinks the administration might not accredit it at an early day. He, bimself, suggests a reason city have very generally responded to the interrowhy the Padre might not be received-it Nicaragua should meet with some unexpected and disastrous reverse. Tais would be a good reason, and the reason for not receiving French.

President has disgraced himself and the country. He en's a column of rant thus:

If an thing were wanting to grown the contempt for the President by the whole country, his course in cell tion to Micaragua would supply it. That cours throughout has been a flagrant hould to the integrity.

Nobody doubted that a minister from that government would be received at an early day. President Rivas and General Walker didn't doubt it; for they dispatched anther minister, having, no doubt, satisfactory in ormation as to the conduct of our government.

But all must notice the profound logic by which he President is convicted of inconsistency and scillation. Here is Marcy's reason for not receiving French, which we take from the Journal, without looking for the context :

Ho! for Nicaragua!!

About one hundred and fifty emigrants for Nicaragua left the city last evening for Nicaragua on the steamer Sultana. They go under the auspices of Col. Jack Allen, one of the noblest fillionsters amongst them all. He will give them a bance to show their skill in the use of fire arms, f occasion offers, beyond a doubt. They are a gallant set of men, and their leader "is the bravest if the brave," as Napoleon said of one of his most galant marshals. Their departure from Portland was witnessed by several thousands of persons who had assembled on the wharf, and who gave them nine long and hearty cheers as the boat receded from the shore. They were preceded by about seventy-five other emigrants, who have been leaving for New Orleans for several days past, and will be joined at Owensboro', in this State, by bout one hundred and fifty, and at Henderson by probably the same number. The entire c m mand, when it recees New O leans, will probably umber some five hundred men, and with such metal as it will be composed of, they will be able pered for their own transportation. We wish them God speed on their journey.

THEATRE .- " Pizarro" and "The Dead Shot were performed last night. To-night we are to hear "Othello," with Mr. Maddocks as the dusky Moor and Mrs. Gladstane as the gentle Desdemons The afterpiece is the "Rough Diamond."

BLITZ.—This prince of magicians had another excellent house last night. He will perform again this afternoon and to-night. Hundreds who have seen his feats, and thousands who have not, will again crowd the ball.

DECLINED .- F. M. Bristow, of Todd county, has declined to serve on the Know-Nothing ticket as a candidate for elector for the State at large, and the Frankfort clique have appointed John N. Crockett, of Henderson, to take his place.

There were sales in New York, on the 15th of \$1,000 Kentucky six per cents, at \$104. Ohio six per cents rate a shade lower. There was a sale in Philadelphia, on the 14th of 12 shares of the Bank of Kentucky stock, at

\$1121/4. We understand that Pnil. Lee, Eaq , of Bul litt county, whom the Frankfort clique have just appointed to fill the place of James Stuart, declined, on the Know-Nothing electoral ticket, in the Fifth District, left Louisville yesterday eve-

ning for Nicaragua. The clique will have to try again. Mr. Heary sold on yesterday afternoon Mr. Deppen's residence, on the corner of Eighth and Madison streets-lot 55 feet front by 135 deep-for \$5,000. Mr. R. Burge was the purcha ser. Mr. H. also sold, immediately in the rear of the above, one lot on Madison street, 20 feet front by 126 feet deep, at \$75 per foot. This was also

purchased by Mr. Burge. MESSRS. TAPP & MAGNESS .- These gentlemen have recently epened a retail grocery immediately opposite our office, where they will keep constantly on hand the best groceries to be had. Mr. Tapo has had much experience in the business, knows what customers want and how to select an assort ment to please them, and will, no doubt, give entire satisfaction to all who may buy.

ANOTHER DECLENSION .- We see from the Frankfort Commonwealth of yesterday, that James Stuart has declined to serve on the Know-Noth ing electoral ticket in the Fifth District, and that Phil. Lee has been appointed to fill the vacancy. It seems that the Know-Nothings are likely to have as much difficulty in getting an electoral ticket, as old Sam Houston will probably have as an independent candidate.

BEAUTIFUL SILVERWARE .-- We noticed a fer days ago some very beautiful silverware at Mr. John Kitts' well known jewelry establishment. It consists of a full service, and wrought after sundry Chinese devices-making in all the most beautiful and complete set we have ever seen. Beauti ful as it is, it is only in keeping with the magnificent stock of goods to be found in his house.

We stated upon reliable authority som days ago, that John Q. A. King, in a speech de livered in the First Congressional District, had ex pressed a determination not to serve as Know Nothing elector for that district. This the Louis ville Journal denied the other day. In the Frankfort Commonwealth of yesterday we find sundry appointments by the Know-Nothing Ex-Comp troller, and amongst them the following: Sam'l D. Dulaney, elector for the First District in place of J. Q. A. King, declined.

Blackwell's Sarsaparilla is a standard rem edy for those afflicted with stubborn chronic diseases arising from impurities of the blood. Dr. Vaughn, our neighbor, receives many strong cer tificates of cures effected, after years of trials with other remedies had proved unavailing.

That the Sarsaparilla and Versicola is an efficient compound, searching and cleansing the sys tem, hundreds in our city can attest. The scores of shipments made by our neighbor show that the public generally know its virtues. and are fast adopting it into general use.

THE NICARAGUAN MOVEMENT .-- There was very large and enthusiastic meeting in Memphis, the other day, to express sympathy for the new Republic of Nicaragua, and to take steps to furnish the cause something more substantial than mere sympathy. Two committees were appointed. one to solicit subscriptions and the other to repor the plan of operations, and to report to an adjourned meeting. From the Memphis papers, we learn that the committee on subscriptions were making fine progress. There will probably be a full regiment of gallant Nicaraguan emigrants from Memphis and its vicinity.

Meetings have also been held in Nashville and other points, and, from the signs of the times, Walker will have from five to ten thousand men under his command in no less than six weeks from this time.

We have just seen a letter stating that We have just seen a letter stating that the tusks of a mastadon were found last week near Eminence, Henry county. They were discovered by some men in a cut which they were discovered by some men in a cut which they were discovered were hollow at one end, the other end being broken. One of the claws was also found. During the early stages of the government a healthful tone and temper pervaded political cir-cies, and patriotism was no stranger to the seats of power. The masses breathed the atmosphere of pure political honesty, and felt that each and all

and a direct responsibility in the government.
Government was viewed as a guardian over all,
yielding the blessing of protection, and useful only as giving security to political and personal rights.

The first most important and direct perversion of this healthy temper of the public mind occur-red in the gigantic efforts to recharter the U.S

Bank. A mighty power for evil had impercepti bly grown upon the country, and fixed its talons in the very vitals of the body politic. The history of all nations was spread out before us, revealing no fact more clearly than that the financial management and policy of a State was the controlling philosophy of its existence, and that whenever fraud or corruption stretched their filening finger toward the national treasury, disease and

ath passed directly to the nation's heart. This philosophy constituted the chief tenet of the creed of the Sage of the Hermitage, and by an unwavering devotion to an honest conviction he signally triumphed. During this long and fearful contest with a great moneyed monster, many good men doubted the propriety of his measures; but this was only because they did not see with his prophetic discernment, the ultimate philosophy

and issue of the contest.
Time and its events have vindicated his policy and measures, and the plaudits of all good men recurringly and constantly freshen the memory of his great deeds and invaluable services to the

It has been the aim of the present administraton, in this respect, to imitate the Jackson policy, by carefully protecting the national treasury, to restrain the hordes of unprincipled swindiers who besiege its vaults. Whatever may be said in regard to the administration of Franklin Pierce, it has not been, nor can be, denied that the nation treasury has been scrupulously protected, and administered with signal ability and success. W look in vain, even in the ever ready columns the opposition press, for the record of any Galphin and Gardner monstrosities. Their recurrence passed away with the late administration—so fruitful of financial disasters to the government. It was this corruption in Mr. Fillmore's administra-tion, and the looseness and recklessness which characterized its management of the treasury, that so completely cost it the confidence of the people, and resulted in restoring the government into the nands of a responsible party. However ready politicians and stock jobbers may be to get their hand upon the people's money, the people themselves nave no sympathy with treasury swindling; and hereafter as heretotore, this financial questio must be an important, if not controlling elemen

in all Presidential canvasses. An additional four years of treasury misrule ould have inflected an incurable disease upon the body politic. It is not descending too far into the pullosophy of the late Presidential canvass to say hat the people saw this, and went up to the polis 'as an army with banners" to rebuke corruption

and fraud. However this may be, the financial departmen of the government was in a sau condition when Mr. Guthrie took the chair of the department, and it was indeed fortunate for the country and for the treasury that an honest Kentuckian was called rom his retirement to preside over its affairs and bring back the government to a just and safe finan-

cial control and policy.

The President exhibited true Napoleonic sague ity in calling Secretary Guthrie to preside ove this department; and it should be remembered to the people as no small service to the State. N was Mr. Gathrie less fortugate in his selection of an assistant. Col. Washington has seconded him with a signal ability and fidelity in the inauguration of vast reforms in all that pertains to the ad ninistration of the department.

We may safely challenge denial of the fact that

the fiscal affairs of no other nation on the globe are ganaged with equal prudence, ability, and fidelity; and we add that in our judgment our own Treasary department was never before so ably and pru-dently administered.

The great ad anistrative ability displayed by

Secretary Gathrie, and his prudence and sterling conesty, have been so marked and obvious as to dis tinguish him from his predecessors, and render nim conspicuous as we now see him—his tall plume waving in the front rank of practical statesnanship.

If the question were put directly to the people

f the United States to-day "who is the ablest an bet living representative of the Jackson policy? the answer might come "swelling out in thunder tones of popular acclaim" "James Guthrie, of Kencucky!" Who knows but that question may some day be put to the people?

KNOW-NOTHINGISM IN CALIFORNIA. - The San Francisco Herald draws the following picture of the prospects of the "order" in California. "The first two spring elections in this State have resulted in the defeat of the Know-Nothings l'his was to be expected from their worse that apineness in the Legislature. They have no deemed their trust; they have not answered the expectations of the conservative citizens who vote for them, and there will be few honest tears she when they shall be utterly routed and overthrown The party has really played a most discreditable and sorry part since its advent to power. Not a single measure of general utility have its mem-bers passed; and they have frittered away their time in unworthy feuds, sectional bickerings, the onsideration of Sunday laws, and other to ery and rubbish of a like character."

LOUISVILLE DEMOCRAT .- If you wish a good, able, and spicy paper, take the Louisville Demo-crat. It has a Dollar Weekly, and also a large weekly for two deliars. It defends boldly the cause of truth and right. It shows up in his true colors Prentice of the Journal, who has expressed he sentiment below: "All men have a right to liberty, no matter what

lor."-Journal of 1844. "We have ever looked forward to the day whe Kentucky should contain within her bounds n ondmen, and we hope to live to see the light ush a day."—Journal of August 25, 1845. Yet this man Prentice is supported by Know-tothings. How long shall such things be? Nothing Councils of Louisville, who, on the bloody

We wish the Louisville Democrat success, for it is not afraid to speak out against the secret Knowixth of August, burned women and children in their houses, because of a different religion, and whose conduct has brought such disgrace upon that city. The secret edicts of these Councils may go out to a mob, and to crush Harney the editor, out the sentiment of the people will sustain him.

KENTUCKY STOCK .- The distinguished and and essful breeders of stock, Mark R Cockriff & Son of Davidson county, Tennessee, have, within the last few days, taken an extensive ramble over the grass lands of Kentucky, with a view of purchasng some of our fine stock. They selected and ourchased of Mr. John H. Cooper, of Fayette, a three year old Jack, by Black Samson; a young bull by the Second Duke of Athol, out of an imported cow, of Messrs. Stanbope A Elmore, (bred y R. A. Alexander, Esq); a heifer calf, Goodness II, out of the imported cow Goodness, and by imported Duliville (now dead), of Albert Allen; and two fine red heifer calves, one by the imported bull Deceiver (11,340), the other by the imported bull Challenger (24, A. A. B.); for which stock he

leaves the handsome sum of \$3,670 with our stock We understand that he paid Mr. Cooper \$1,200 for his jack; Messrs. Standope & Elmore \$900 for their bull; Mr. Allen \$800 for his heifer calf 7 months old; and Mr. Duncan \$770 for his heifer

We are gratified to be able to record this further evidence of the high estimation in which Kentucky stock is held by the most experienced breeders in our sister States. Kentucky is now the market put up expressly for the use of steamboats, hels, i.e., to which the breeders of fine stock of every deription look for supplies, and her sales annually smount to an extraordinary sum. Hon. T. J. Rusk, of TEXAS .- As a party man —as a true, firm, unflinching Democrat—his rec-ords without blemish—modest, unassuming, but brave and decided in all his acts; a soldier in the war of Texan independence—the first to draw his sword and the last to return it to its scabbard; cool, thoughtful, and discreet, with a well-poised mind, and possessing administrative talents of the highest order, he is equal to any position which could be assigned him by the people.

THOSE VIRGINS.—Mr. Sam. McDowell Moore said in his speech before the Know Nothing Convention at Staunton, that only the virgins of the Democracy have joined his party! Here are some of these modest maids: Andrew Jackson Donelson, John M. Patton, J. M. H. Beale, Richard G. Morris, John S. Carlisle, Nat. Claiborne, Lemuel J. Bowden, Richard Reins. Their very names are tragrant of the freshness and purity of "sweet sixteen." Sly sarcasm that, Mr. Moore.

Dr. Price's Chronic Specific. has more efficacy than any remedy ever offered to the afflicted. This cannot be successfully controverted, as the evidence in its favor is so strong and weighty. We will got give a long array of certificates. We will give but few, and those shall be from gentlemen high in standing and widely known, such as Hon. J. R. Underwood, Rev. Wm. L. Breckinridge, Judge Asber Graham, Judge Wm. V. Loving, Dr. Haggard, and Dr. L. C. Porter. Asser Granam, Judge wm. v. Loving, Dr. Haggard, and Dr. L. C. Porter.
Dr. PRICE'S CHRONIC SPECIFIC is the best Alterative, Tonic, and Blood Purifier ever compounded. It is adapted to cure Scrofula, White Swelling, Incipient Consumption, Female Diseases, Dyspepsia, General Debility, Kheumatism, Secondary Syphilis, Bore Eyes, and all Cutaneous Diseases, &c.

From Hon. J. R. Underwood. I have seen many of Dr. Price's patients afflicted with the Scrofula, both before and after they were lealed. It is certain that ulcers of the most inveterate character seemed to yield readily to his Chronic Speinc. I have seen many certificates in possession of Dr. Price, bearing testimony to his entire success.

Bowling Green, Ky. JOS. R. UNDERWOOD. From Rev. Wm. L. Breckinridge.

A servant girl in my family was affileted with Scrofu-ous Sore Eyes. Notwithstanding she had medical treat nent, upon the whole she grew worse, until I feared hat she would become totally blind. She was placed ander Dr. Price's treatment, and to all appearances a adical cure was performed. For several months past the has seemed to me, as she does now, to be perfectly ree from any defect or soreness of the eyes, and to be n perfect health otherwise. n perfect health otherwise. Louisville, Ky. WM. L. BRECKINRIDGE.

From Judge Asher Graham,
(Formerly a member of the Bench of the Court of Appeals).

I have seen some of Dr. Price's patients. They appeared to have been very much diseased, almost beyond all hopes of recovery. They now seem to be perfectly relieved.

Bowling Green, Ky. Bowling Green, Ky. From Judge Wm. V. Loving, (The American Candidate for Governor). I have seen several of Dr. Price's patients; amongs others, Mr. S. H. Dickerson, of Monroe co. At the time I saw him he was diseased from head to foot. The left side of his face and neck was greatly enlarged and swollen. All of the left side of his neck, breast, and right shoulder were a mass of filthy diseases and run. ghtshoulder were a mass of filthy diseases and runing sores. As he would work his arms, the air would
scape from deep ulcers under his collar nones, causing
dthy matter and blood to bubble out. The use of the
robe had proved that some of these ulcers extended
nto the hollow of the body. Mr. Dickerson put himself
inder Dr. Price's treatment, who administered his
hironic specific, and, strangeto tell, a permanent cure
yas effected.

WM.V. LOVING.

Bayling Grann, Ky.

From Dr. D. R. Haggard,
(President of the Board of Internal Improvement).

Within my own knowledge, Dr. Price, who now resides in Louisville, has been signally successful in curing Scrofula. Some of the worst cases that have occurred in Kentrcky have been cured by the use of his Chronic Specific. When all hope had fled, he was applied to, and his treatment restored them to perfect health. Three of these cases were cured within a few miles of my residence.
